

PRODUCT SPECIALIST

Chicago Tube and Iron Company is a leader in the metals distribution and fabrication industry. We are an established company with an impressive record of profitability and growth. At Chicago Tube and Iron, we like to think of ourselves as a company that is big enough to offer financial strength and stability, but yet small enough to quickly change direction when our customers' needs require it. Our sales force and operations personnel share their expertise to come up with the best possible solutions for our customers. Want to know more? Visit us at www.chicagotube.com.

We offer a competitive salary commensurate with experience, and a comprehensive benefits package that includes medical, dental, and vision insurance, as well as supplemental life and disability benefits. We also offer a 401(k) Plan.

Chicago Tube and Iron Company has a position available for a **Pipe, Valves & Fittings Specialist** in our Corporate PVF marketing department in Romeoville, IL.

JOB DUTIES:

This position will work closely with our local sales professionals as well as with our corporate marketing manager in a team approach to enhance our position within this important part of our overall business.

- Analyze, source, quote, and implement new business opportunities in the pipe, valves and fittings market
- Work closely with sales and marketing managers to obtain new business
- Assist sales staff with product sourcing

JOB REQUIREMENTS

This position requires a minimum of 1 year of experience in industrial sales or customer service, with a college degree preferred. Recent college graduates with a degree in sales, marketing or a related field will also be considered. The successful candidate must possess solid Microsoft Office skills. A strong knowledge base in sourcing and market trends would be a definite plus. Qualified candidates should email their resume to humanresources@chicagotube.com.
