

## ANNOUNCEMENT

Chicago Tube and Iron Company is pleased to announce that Joel Winters has been promoted to Outside Sales Manager of the Indianapolis Division.

With 14 years of experience with CTI, which includes five years as the Inside Sales Manager and nine years as an Account Manager, Joel will bring a wealth of knowledge, experience and enthusiasm to our sales team.

Joel and his wife, Terri, are enjoying an empty nest after raising a combined eight children and a bunch of grandchildren. They also enjoy hiking and do-it-yourself home projects. His hobbies include golf, guitar, cooking, and craft beer (not necessarily in that order).

Please join us in congratulating Joel on his well-deserved promotion.
