

ANNOUNCEMENT

Chicago Tube and Iron Company is pleased to announce the promotion of Elidia Vazquez to Process Engineering Manager.

As Process Engineering Manager, Elidia will provide leadership and direction to the Fabrication Division to ensure the efficient processing and delivery of products that meet our customer's expectations. She will also coordinate the estimating and processing of products that flow through the CTI Fabrication Division.

Elidia has spent her entire career at Chicago Tube & Iron. She started out as the secretary for the Chicago PVF department and was promoted to Inside Sales a short time later. She also worked in the Boiler Tube Division as Inside Sales/CAD Drafter. A product of CTI's tuition reimbursement program, Elidia has an A.A.S Degree in Mechanical Design and Drafting. She lives in Plainfield with her husband and two sons and enjoys family vacations, outdoor activities and watching her son play baseball.
