

ANNOUNCEMENT

Chicago Tube and Iron is pleased to announce the promotion of Janeth Villalobos to Vice President of Administration. Janeth joined us in October as Director of Administration, and she has worked closely with Sue Hamilton to prepare her to lead CTI's Human Resources, Quality, and Safety functions into the next era.

Since joining CTI, Janeth has proven to have the skills, knowledge and professionalism that are critical to this very important role. In addition to her 15+ years of experience in increasingly responsible Human Resource positions, she is a graduate of Columbia College and holds an MBA from Benedictine University.

Janeth will be scheduling visits to all CTI locations to meet our teams and discuss improvements for the organization.

Please join us in congratulating Janeth on her promotion.
