

## ANNOUNCEMENT

Chicago Tube and Iron Company is pleased to welcome Jim Marin as a new Account Representative in the Wisconsin division.

Jim brings a wealth of experience in the fabrication of metal products, primarily from a purchasing perspective. In addition to Advanced Machining in Omro, he has also worked for American Roller Company and Labrie Enviroquip in Oshkosh.

Jim has a Bachelor of Arts degree in Business Management from Lakeland College, and an Associate's degree in Computer Science from Fox Valley Technical College. He is also an M.S.O.E. Certified Lean Lead Facilitator.

An Oshkosh native, Jim and his wife of 34 years, their 2 children and 2 grandchildren all live in the Oshkosh area. He enjoys fishing, hunting; anything outdoors. Jim enjoys many sports, and has coached flag football and baseball.

Please join us in welcoming Jim to Chicago Tube and Iron!
